

CORNICE

FINNISH PINE 15 x 45 VM/EM

#4032

lauta.fi/ii4032

Introduction

- ✓ Made from Finnish wood, responsibly produced
- ✓ Stylish and affordable
- ✓ Beautiful grain pattern
- ✓ Easy to work with and finish
- ✓ PEFC-certified

Product description

We sell second-grade products in full forklift bundles; please confirm available bundle sizes before purchase. When estimating the required quantity, allow for higher waste than with standard-grade products.

Clearance items include Grade I (first-quality) products that are sold in batches.

These products are non-returnable and non-exchangeable.

Typical defects that classify a piece as second-grade:

- Excessive knots
- Knot holes
- Shape irregularities
- Color inconsistencies
- Cracks
- Partially unplanned surfaces
- Incomplete edges

Defects may occur anywhere on the piece.

- ✓ Finnish wood, responsibly manufactured in Lempäälä
- ✓ Completely natural and safe product
- ✓ Beautiful grain pattern
- ✓ Natural and warm appearance
- ✓ PEFC-certified

Our product uses pine, a domestic softwood with an elegant grain that creates a natural and warm atmosphere indoors. Easy to work with and finish, pine is ideal for interior applications such as paneling, flooring, trim, and finishing. Its beautiful grain and natural color make it an aesthetically appealing choice for visible surfaces. Our PEFC-certified pine products are responsibly produced and environmentally friendly.

Product information

Product information

Tuotenimi	KL MÄNTY 15 x 45 VM/EM VIN.KATTOON II-LAATU
Tuotenumero	#4032
Alkuperämaa	Suomi
Saatavuus	Tuote poistuu valikoimasta

Product measurements

Vahvuus (mm)	15
Leveys (mm)	45
Paino (kg/myyntiyksikkö)	0,331

Product features

Puulaji	Mänty
Pintakäsittely	Ei käsitelty
Palokäyttäytyminen	D-s2, d0

Sustainability

CE-merkintä	Ei
-------------	----

Please note that we deliver our products in bundles. Bundle size is indicated together with stock information on top right corner.

Surface treatment

Highlighting Wood's Best Qualities with Surface Treatment

Surface treatment brings out the best in wood and tailors high-quality timber to its intended use. Beyond durability and fire safety, it adds color that perfectly complements your project.

Durability and versatility can be further enhanced with industrial painting or finishing suited to your needs. Pre-finished or treated wood also speeds up and simplifies work during tight construction or renovation schedules.

Wood is a high-quality, versatile material that, after industrial painting or surface treatment, performs even better in various conditions. Our extensive practical experience and expertise in wood finishing guide us on how to treat material for different applications.

Not all wood requires finishing before use, but treatments can highlight specific properties. For example, sauna wood benefits from protective coatings designed to withstand high temperatures and humidity. Surface treatment can also extend a wood product's lifespan.

The choice of treatment often depends on the wood's application. Properly treated wood adds structure and character to interior and exterior surfaces. Opaque painting or translucent finishes allow you to achieve the exact color that best fits your interior design and overall building aesthetic.

All painting and finishing work is done in our industrial paint shop. We use water-based, eco-friendly coatings and paints from reputable manufacturers. Our fire-retardant treatments can bring wood to a B-s1, d0 fire class.

To operate as environmentally responsibly as possible, a batch must be at least 500 meters. This minimizes raw material waste and keeps our operations efficient.

Sample pieces

Lauta.fi delivers product sample pieces to both consumer customers and professionals, such as architects, interior architects and designers, construction industry and procurement professionals.

If you are interested in ordering one or more sample pieces, please contact our sales department via email lauta@lauta.fi or phone [+358 3 3123 6000](tel:+358331236000) (On weekdays 8-16).
