

# DOUGLAS FIR

28x120 SHP

#4316

[lauta.fi/ii4316](https://lauta.fi/ii4316)

## Introduction

---

- ✓ Responsibly made
- ✓ Completely natural and safe product
- ✓ Rich in color and weathers to an elegant grey
- ✓ Naturally strong and highly rot-resistant
- ✓ No surface treatment needed for outdoor use, almost maintenance-free
- ✓ Raw material from PEFC-certified sources

## Product description

---

We sell second-grade products in full forklift bundles; please confirm available bundle sizes before purchase. When estimating the required quantity, allow for higher waste than with standard-grade products.

**Clearance items** include Grade I (first-quality) products that are sold in batches.

**These products are non-returnable and non-exchangeable.**

**Typical defects that classify a piece as second-grade:**

- Excessive knots
- Knot holes
- Shape irregularities
- Color inconsistencies
- Cracks
- Partially unplanned surfaces
- Incomplete edges

Defects may occur anywhere on the piece.

- ✔ Responsibly manufactured in Lempäälä
- ✔ Completely natural and safe product
- ✔ Colorful with subtle variations, weathers to an elegant gray
- ✔ Naturally strong and highly rot-resistant
- ✔ No surface treatment needed for outdoor use, nearly maintenance-free
- ✔ Raw material from PEFC-certified sources

Our product uses Douglas fir, a naturally highly rot-resistant softwood. Its subtly reddish tones gradually develop into a beautiful silver-gray with exposure to the elements. Strong and durable, Douglas fir requires no surface treatment outdoors and is almost maintenance-free. Our Douglas fir products are responsibly produced, environmentally friendly, and sourced from PEFC-certified forests.

## Product information

### Product information
