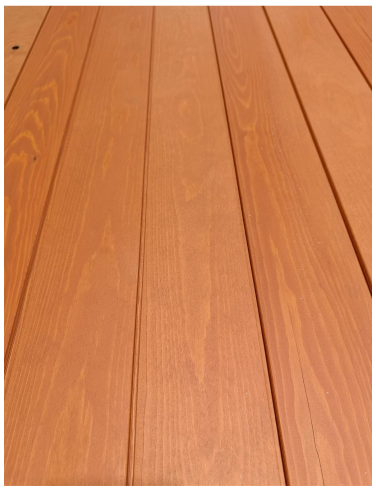
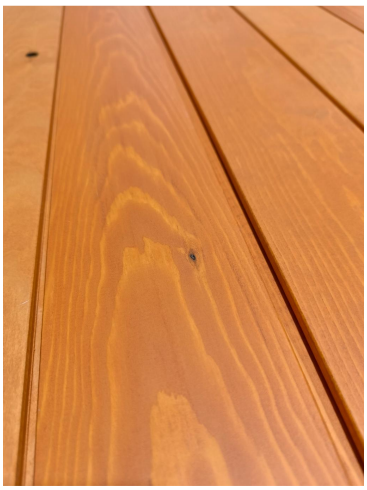
PINE

PANEL 15 x 95 STS4 VM/EM FIRE L=3300

444433

lauta.fi/444433





Introduction

✅ Made from Finnish wood, responsibly produced

✅ Stylish and affordable

✅ Beautiful grain pattern

✅ Easy to work with and finish

✅ PEFC-certified

High-quality translucent-treated Finnish pine paneling – large batch at a great price!

Perfect for interior cladding, cottages, saunas, or renovation projects. The shade is inspired by the warm glow of fireplace flames and the colors of a sunset, giving the wood a beautiful warm orange tone while still highlighting the natural grain of the pine.

Item 444430 is sold as one complete bundle. The bundle contains 1419 meters of unpackaged panels, each 3 meters long.

Item 444430 is sold as one complete bundle. The bundle contains approximately 1056 meters of unpackaged panels, each mostly 3,3 meters long.

Item 444445 is sold as one complete bundle. The bundle contains approximately 1056 meters of unpackaged panels, each mostly 4,5 meters long.

Product description

✅ Finnish wood, responsibly manufactured in Lempäälä

✅ Completely natural and safe product

✅ Beautiful grain pattern

✅ Natural and warm appearance

✅ PEFC-certified

Our product uses pine, a domestic softwood with an elegant grain that creates a natural and warm atmosphere indoors. Easy to work with and finish, pine is ideal for interior applications such as paneling, flooring, trim, and finishing. Its beautiful grain and natural color make it an aesthetically appealing choice for visible surfaces. Our PEFC-certified pine products are responsibly produced and environmentally friendly.

Saatavuus	Tuote poistuu valikoimasta

Product measurements

Vahvuus (mm)	15
Leveys (mm)	95
Paino (kg/myyntiyksikkö)	0,725
Neliömenekki (m/m²)	11,8
Hyötyleveys (mm)	85

Product features

Puulaji	Mänty
Profiili	STS4

Sustainability

Please note that we deliver our products in bundles. Bundle size is indicated together with stock information on top right corner.

Surface treatment

Highlighting Wood's Best Qualities with Surface Treatment

Surface treatment brings out the best in wood and tailors high-quality timber to its intended use. Beyond durability and fire safety, it adds color that perfectly complements your project.

Durability and versatility can be further enhanced with industrial painting or finishing suited to your needs. Pre-finished or treated wood also speeds up and simplifies work during tight construction or renovation schedules.

Wood is a high-quality, versatile material that, after industrial painting or surface treatment, performs even better in various conditions. Our extensive practical experience and expertise in wood finishing guide us on how to treat material for different applications.

Not all wood requires finishing before use, but treatments can highlight specific properties. For example, sauna wood benefits from protective coatings designed to withstand high temperatures and humidity. Surface treatment can also extend a wood product's lifespan.

The choice of treatment often depends on the wood's application. Properly treated wood adds structure a nd character to interior and exterior surfaces. Opaque painting or translucent finishes allow you to a chieve the exact color that best fits your interior design and overall building aesthetic.

All painting and finishing work is done in our industrial paint shop. We use water-based, eco-friendly coatings and paints from reputable manufacturers. Our fire-retardant treatments can bring wood to a B-s1, d0 fire class.

To operate as environmentally responsibly as possible, a batch must be at least 500 meters. This minimizes raw material waste and keeps our operations efficient.

Sample pieces
